Subject Thermostat Relocation

Dear Mr. Wise Jr.:

I wanted to send you this letter to personally thank you for helping us out last week by getting those 17 thermostats relocated so quickly for us at Bonneville Elementary. We were impressed in the way your team so quickly jumped in and helped us get this work done. From the moment I contacted Jason Scott to explain the problem he was nothing but attentive and helpful to our need. The same goes for Ginnie and Steve Straton. Ginnie was extremely efficient in getting the paperwork required to pull the permit at their BCCO office and Steve got the work done and documented as well as we could have possibly expected. Please make sure you extend our thanks them as well. You and your team truly lived up to your company motto!

Sincerely,

George Novo
